AtCor Medical Holdings Limited (ASX:ACG) – Appendix 4C – First Quarter Report

AtCor Medical today released its quarterly cash flow report for the period ending 30 September 2010.

Cash at quarter end was \$384,000, down from \$1,608,000 on 30 June 2010. The higher burn for the quarter was primarily the result of delayed collections, particularly from one customer (US\$500,000). Since the close of the last quarter AtCor has collected against the delayed receivables.

During October AtCor has secured a placement of \$1,018,000 to sophisticated investors and announced a fully underwritten rights issue, which will provide an additional \$1,340,000. Your company also recently announced a pharmaceutical contract for US\$0.8 million, of which we expect to collect approximately US\$625,000 during the current quarter.

Expenses continue to be carefully managed with spending directed towards revenue generating activities.
